ASK US TO INFORM YOU ABOUT THE PRICE AND THE DIMENSION OF THE CODE YOU INTERESTED.

ARPA

. H ARPA FOR YOU, αποτελεί μία ολοκληρωμένη πρόταση εφαρμογής των δυνατοτήτων της τεχνολογίας των HIGH PRESSURE LAMINATES (βακελιτών) στην Αρχιτεκτονική και την Διακόσμηση και στηρίζεται στην αξεπέραστη τεχνολογική υπεροχή, στο σύγχρονο design και στην συνεχή έρευνα της ARPA η οποία δικαίως κατατάσσεται στις κορυφαίες εταιρίες του χώρου διεθνώς.

Υλικά ατοξικά, φιλικά στο περιβάλλον, υλικά που αντέχουν και στην πιο σκληρή χρήση, αδιάβροχα, πυράντοχα, ανθεκτικά στην ατμοσφαιρική ρύπανση και γενικότερα στις περιβαλλοντικές, ατμοσφαιρικές και κλιματολογικές συνθήκες (ζέστη, κρύο, υγρασία, ηλιακή ακτινοβολία).

Οι εφαρμογές των προϊόντων της **ARPA FOR YOU**, είτε με την μορφή φύλλου σε πάχη 0,9χιλ είτε πρεσαρισμένα σε επιφάνειες μοριοσανίδας (νοβοπάν), MDF, κόντρα πλακέ κ.α. είναι αναρίθμητες... Ενδεικτικά αναφέρουμε...

- Επενδύσεις τοιχοποιίας (ανεξαρτήτως υλικού δόμησης), επιφανειών επίπλων & άλλων ξύλινων ή μεταλλικών κατασκευών (ραφιέρες, βιβλιοθήκες, ερμάρια, τηλ. θάλαμοι, τραπέζια κ.α)
 - Επενδύσεις εσωτερικών πορτών
 - Κατασκευή ελαφρών διαχωριστικών χώρων εργασίας, περιπτέρων συνεδρίων, εμπορικών, εικαστικών και άλλων εκθέσεων
 - Κατασκευή πάγκων & πορτών για έπιπλα κουζίνας, μπάνιου, ντουλαπών
 - Κατασκευή πάγκων εξυπηρέτησης κοινού (τραπεζών, υπηρεσιών, reception, bar, εστιατορίων self service κ.α
- ακόμα και με κυκλικές οριζόντιες φόρμες, καθώς και ειδικών πάγκων και επενδύσεων οριζοντίων και καθέτων επιφανειών για χημεία, μικροβιολογικά εργαστήρια, νοσοκομεία, ιατρεία

H ARPA FOR YOU COLLECTION της ARPA αποτελεί μία πλούσια συλλογή:

- μονόχρωμων φύλλων H.P.L
- πιστών απομιμήσεων διαφόρων φυσικών ξύλων καθώς και ορυκτών (πέτρας, μαρμάρου, γρανίτη κ.λ.π.)
- αληθινών μεταλλικών φύλλων H.P.L (ματ αλουμίνιο, χαλκό κ.α)

Παράλληλα με την συλλογή **ARPA FOR YOU** υπάρχουν και οι συλλογές **FENIX NTM** με την επαναστατική νέα επιφάνεια MAT αποτέλεσμα της εφαρμογής NANOTEXNOΛΟΓΙΑΣ στα laminate, και **ATHLON** με compact laminate.

FENIX NTM

Πρόκειται για τεχνολογικά κορυφαίο προϊόν, αποτέλεσμα συνδυασμού νανοτεχνολογίας και ρητινών νέας γενιάς με τα εξής ιδιαίτερα χαρακτηριστικά: απόλυτα ματ επιφάνεια που δεν αφήνει καθόλου δαχτυλιές, ανθυγρή, αντιμικροβιακή & αντιστατική. Επιφάνεια υγιεινή, κατάλληλη για τρόφιμα & με ειδικές αντοχές στην κρούση, στη θερμότητα & στις μεταβολές του χρώματος από την ηλιακή ακτινοβολία. Επιπλέον επιδέχεται θερμική επιδιόρθωση των μικροεκδορών λόγω της εφαρμογής νανοτεχνολογίας στο υλικό-παγκόσμια πατέντα της ARPA κάτι που συμβαίνει για πρώτη φορά στις επιφάνειες πάγκων.

ARPA Athlon HPL για υψηλή απαίτηση υγιεινής (αποδυτήρια, χωρίσματα WC, καμπίνες, διαχωριστικά, κλπ)

Αποτελούνται από πάνελ HPL (High Pressure Laminate), τα οποία εντάσσονται σε σκελετό αλουμινίου ηλεκτροστατικά βαμμένο και εξαρτήματα από ανοξείδωτο ατσάλι.

Το HPL είναι ένα υλικό που αποτελείται από πολλαπλά στρώματα χαρτιού κορεσμένα με θερμοσκληρυνόμενες ρητίνες που μέσω της συνδυασμένης δράσης υψηλής πίεσης (>7 MPa) και θερμοκρασίας (140-150 °C) κατά το στάδιο της παραγωγής δίνουν ένα απόλυτα συμπαγές προϊόν κατάλληλο για πολλές χρήσεις και με εξαιρετικές ιδιότητες. Οι σπουδαιότερες από αυτές είναι η ομοιογένεια του υλικού και η πολύ υψηλή πυκνότητά του που το καθιστούν απρόσβλητο από το νερό και τα χημικά τόσο στη μάζα του όσο και στην επιφάνειά του.

Η σύνθεσή του είναι 70% χαρτί και 30% ρητίνες. Η επιφάνειά του είναι ιδιαίτερα ανθεκτική στα γδαρσίματα και στη φωτογήρανση, ενώ καθαρίζεται εύκολα με κάθε είδους καθαριστικό. Οι ιδιότητες αυτές το καθιστούν ιδανικό για

χρήση σε χώρους υγρούς και με υψηλή απαίτηση υγιεινής (αποδυτήρια, χωρίσματα WC ,πλοία, κλπ). Το **HPL ATHLON**, το οποίο συνοδεύεται από όλα τα απαραίτητα πιστοποιητικά, αποτελεί το απόλυτο brand για τους υγρούς χώρους.

Θα τα βρείτε σε πληθώρα χρωμάτων και συνδυασμών τους.

Αναλυτικά μία καμπίνα WC αποτελείται από:

- Πάνελ **HPL ATHLON** πάχους 12,7mm.
- Ανεξάρτητα προφίλ αλουμινίου για στήριξη στον τοίχο και περιμετρικά του άνω μέρους.
- Ανοξείδωτα ρυθμιζόμενα ποδαρικά στήριξης στο δάπεδο (ρύθμιση στο 130mm έως 170mm), μεντεσέδες self closing και κλειδαριά με ένδειξη "χωρίς κλειδί" με δυνατότητα ανοίγματος απ' έξω. Οι τυποποιημένες διαστάσεις της καμπίνας είναι 2000mm ύψος και 1400mm βάθος. Μπορούν όμως να κατασκευαστούν και σύμφωνα με τις ακριβείς διαστάσεις του χώρου.

THE THIN HPL STOCK COLLECTION FOR INTERIORS, 2015-2018

Arpa for You,
a stock collection of 257 HPL
for interior design applications
with a fast delivery program.

Arpa for You,
una collezione a stock
di 257 decorativi HPL
per interior design,
tutti in rapida consegna.

Arpa For You,
la collection sur stock.
Une gamme de 257 panneaux
HPL pour applications
intérieures, disponibles sur
stock pour une livraison rapide.

Arpa for You,
la colección de 257 HPL para
aplicaciones de diseño
de interiores que cuenta con
un servicio de entrega rápida.

Over 60 years of research and technology

Since 1954 Arpa Industriale has been designing and manufacturing panels with high quality HPL technology for the most diverse applications: from architecture to interior design, from healthcare to shipyards, from transport to hospitality, from retail to kitchens. It offers a vast range of choices of products, extremely varied in both structure and appearance. Arpa HPL are produced at the 150,000 sqm plant in Bra, Piedmont, with all the expression of lively and original creativity that the "made in Italy" label stands for. The 60 years of investment in research & technology and staff training have enabled Arpa to gain a leading position on the international markets and a reputation for great reliability: it is an industrial firm that stands out for the expertise of staff, the quality and variety of what it offers, its manufacturing flexibility and its range of services.

HPL PROPERTIES | ATHLON. SEGMENTS APPLICATIONS

The most important quality characteristics of decorative high pressure laminates according to EN 438

- Excellent moisture resistance
- High impact resistance
- Scratch and wear-resistant
- Light fastness
- Ease of maintenance and cleaning
- Hygienic
- Self supporting
- Suitable for contact with food

A SELECTION OF SOLID HPL DECORS FOR INTERIORS

Athlon: solid panels in 2 sizes, 4 thicknesses, 4 finishes.
A “made in Italy” product designed to inspire creativity.

Athlon is a compact decorative high-pressure laminate. Its robust double sided decorative panels meet the most demanding specifications for interior applications. Athlon panels are available in 2 sizes (4300mm x 1850mm and 3050mm x 1300mm) and in 4 thicknesses (6mm, 8mm, 10mm and 12.7mm) in a wide range of classic, contemporary and trendsetting colors and finishes. The Athlon selection, available through a fast delivery program, is suitable for retail, contract and interior applications.

Athlon: pannelli HPL in forte spessore disponibili in 2 misure, 4 spessori, 4 finiture. Un prodotto “made in Italy” progettato per ispirare la creatività.

Athlon è un laminato spesso ad alta pressione i cui pannelli con decorativi sui due lati sono ideali per le molteplici applicazioni dell'interior design. I pannelli Athlon sono disponibili in 2 misure (4300mm x 1850mm e 3050mm x 1300mm) e in 4 spessori (6mm, 8mm, 10mm e 12,7mm), in un'ampia gamma di colori e finiture, dal classico al contemporaneo. La selezione di decorativi Athlon è adatta per il retail, il contract, l'interior design e ha un servizio di consegna rapido.

ATHLON. CHARACTERISTICS

- Low maintenance**
Robust, stable and durable, Athlon panels require no additional surface protection. The closed surfaces of HPL eliminate dirt accumulation and make panels easy to clean.
- Fire behaviour**
Two classes of Athlon are available: Standard grade (Euroclass C) with enhanced Fire Retardant (FR) grade (Euroclass B) available on request.
- High versatility**
The panels can be easily combined with other building materials for unique effects.
- High Value Service**
A fast delivery program ensures the availability of products in 4 weeks* from order.
**For Europe only*

- Bassa manutenzione**
I pannelli compatti Athlon sono stabili e resistenti e non richiedono coperture protettive aggiuntive. La superficie chiusa del laminato HPL elimina l'accumulo della polvere e facilita la pulizia dei pannelli.
- Reazione al fuoco**
Athlon è disponibile in due classi: standard (Euroclass C) e classe (Euroclass B) Fire Retardant (FR), su richiesta.
- Versatilità**
I pannelli possono essere facilmente usati in combinazione con altri materiali per ottenere effetti esclusivi.
- Servizio ad alto valore aggiunto**
Un programma di consegna rapida assicura la disponibilità dei prodotti in 4 settimane* dall'ordine. **Solo in Europa*

ARPA. HPL FOR INTERIOR DESIGN

Over 50 years of research and technology.

Since 1954 Arpa Industriale has been designing and manufacturing panels with high quality HPL technology for the most diverse applications: from architecture to interior design, from healthcare to shipyards, from transport to hospitality, from retail to kitchens. It offers a vast range of choices of products, extremely varied in both structure and appearance. Arpa HPL are produced at the 150,000 sqm plant in Bra, Piedmont, with all the expression of lively and original creativity that the “made in Italy” label stands for. The over 50 years of investment in research & technology and staff training have enabled Arpa to gain a leading position on the international markets and a reputation for great reliability: it is an industrial firm that stands out for the expertise of staff, the quality and variety of what it offers, its manufacturing flexibility and its range of services.

Oltre 50 anni di ricerca e tecnologia.

Dal 1954, Arpa progetta e produce pannelli con tecnologia HPL di alta qualità per le più svariate destinazioni d'uso: dall'architettura al design d'interni, dall'health care alla cantieristica navale, dal trasporto all'hospitality, dal retail al kitchen. Una vastissima gamma di prodotti estremamente diversificati sia per struttura che per estetica. I laminati decorativi ad alta pressione Arpa sono prodotti nei 150.000 m² dello stabilimento di Bra, Piemonte, e sono espressione di una vivace e originale creatività “made in Italy”. Gli oltre 50 anni di investimenti in ricerca, tecnologia avanzata e formazione del personale hanno permesso all'azienda di conquistare sui mercati internazionali una posizione di primaria importanza e una reputazione di grande affidabilità; un'industria che si distingue per competenza del personale, eccellenza e varietà dell'offerta, flessibilità produttiva e rapidità del servizio.

FENIX NTM[®]

NANOTECH MATT MATERIAL
FOR INTERIOR DESIGN.

An abstract architectural composition featuring sharp, angular planes in various shades of grey and a vibrant blue. The planes are layered and intersected, creating a sense of depth and modern design. The lighting is soft, highlighting the edges and surfaces of the geometric forms.

FENIX NTM[®],
NANOTECH MATT MATERIAL
FOR INTERIOR DESIGN.
MADE IN ITALY.

A TIMELESS MATERIAL FOR NEVERENDING DESIGN STORIES.

FENIX NTM® is an innovative material created for interior design applications by Arpa Industriale.

It is suitable for both vertical and horizontal use.

The external surface of FENIX NTM involves the use of nanotechnology and it is characterized by next generation acrylic resins, hardened and fixed with Electron Beam Curing process.

With low light reflectivity, its surface is extremely opaque, anti-fingerprint and features a very pleasant soft touch.

FENIX NTM is suitable for different interior design applications: kitchen, hospitality, healthcare, transportation, bathrooms, furniture (tables, bookshelves, partitions, chairs).

OPEN YOUR MIND AND CREATE SURFACES FOR NEW THOUGHTS.

FENIX NTM® è un materiale innovativo di Arpa Industriale creato per l'interior design, adatto ad applicazioni sia verticali sia orizzontali. La parte esteriore di FENIX NTM è ottenuta con l'ausilio di nanotecnologie ed è caratterizzata da una superficie trattata con resine acriliche di nuova generazione, indurite e fissate attraverso il processo di Electron Beam Curing. Con una bassa riflessione della luce, la sua superficie è estremamente opaca, anti impronte digitali e piacevolmente soft touch. FENIX NTM è adatto alle molteplici applicazioni tipiche dell'interior design: cucine, hospitality, healthcare, trasporti, bagni, elementi di arredo (tavoli, librerie, partizioni, sedie).

FENIX NTM® est un produit innovant créé par Arpa Industriale pour des applications de design intérieur. Il est parfaitement adapté aux applications verticales et horizontales. La surface décorative de FENIX NTM est obtenue par l'utilisation de la nanotechnologie combinée à des résines acryliques de nouvelle génération, durcies par un processus de polymérisation par faisceau électronique. Avec une très faible réflectivité, sa surface est extrêmement opaque, anti-traces de doigts et offre un toucher très soyeux. FENIX NTM est recommandé pour de nombreuses applications de design intérieur telles que cuisines, hôtellerie, hôpitaux, transports, salles de bains, mobilier (tables, bibliothèques, cloisons, chaises).

FENIX NTM® ist ein bahnbrechendes Material kreiert von Arpa speziell für den Einsatz im Interiorbereich. Es ist sowohl für vertikale als auch horizontale Applikationen geeignet. Die dekorative Oberfläche wird durch eine spezielle Nanotechnologie und den Einsatz eines besonderen Herstellverfahrens – der Elektronenstrahlhärtung – veredelt. Zudem wurde eine neue Generation von Acrylharz hierfür von Arpa entwickelt, welcher in unserem Werk selbst hergestellt wird. So stellen wir durch eigene Herstellung aller Komponenten die gleichbleibend hohe Qualität von FENIX NTM sicher. Es zeichnet sich durch eine sehr geringe Lichtreflexion aus, ist dadurch extrem matt und verleihen der Oberfläche einen weichen, samtigen Touch. FENIX NTM eignet sich für die vielseitigsten Anwendungen im Innenbereich: Küche, Sanitär, Transport, Bad und Möbel (Tische, Regale, Abtrennungen, Stühle).

FENIX NTM® es un material innovador creado por Arpa Industriale para aplicaciones de diseño de interior, adecuado para aplicaciones tanto verticales como horizontales. La superficie exterior de FENIX NTM se obtiene con la aplicación de la nanotecnología y se caracteriza por el uso de resinas acrílicas que son endurecidas y fijadas a través de un proceso de Electron Beam Curing. Con una baja reflectancia de la luz, su superficie es extraordinariamente mate, antihuella digital, agradable y suave al tacto. FENIX NTM es adecuado para múltiples aplicaciones del diseño de interior: cocina, hostelería, sanidad, transportes, baños, muebles (mesas, estanterías, tabiques, sillas).

MATT AND SOFT TOUCH SURFACE.

Thanks to the use of last generation acrylic resins, FENIX NTM's surface is extremely closed.

The irregular surface topography has as a result a very low light reflectivity (a surface specular reflectance of 1,5 at 60°) and the soft touch effect.

Grazie all'uso di resine acriliche di ultima generazione, la superficie di FENIX NTM risulta essere estremamente chiusa. La topografia irregolare della superficie ha come risultato una bassa riflessione della luce (valore di riflessione speculare: 1,5 a 60°) e l'effetto soft touch.

Grâce à l'utilisation de résines acryliques de dernière génération, la surface de FENIX NTM est extrêmement fermée. La topographie irrégulière a comme résultat une très faible réflectivité de la lumière (réflectance de la surface : 1,5 à 60°) et le toucher soyeux.

Dank einer neuen Generation acrylharz bietet FENIX NTM eine extrem geschlossene Oberfläche und eine besonders weiche Haptik. Die unebene Oberfläche im Nanobereich sorgt zudem für eine besonders geringe Lichtreflexion (1,5 bei einem Winkel von 60 Grad).

Gracias a la utilización de resinas acrílicas de última generación, la superficie de FENIX NTM es extremadamente densa. Su topografía irregular resulta en una reflectancia mínima de la luz (reflectancia especular de superficie: 1,5 a 60 °) y un efecto suave al tacto.

50x Tilted view

250x Tilted view

1000x Tilted view

FEATURES

LOW LIGHT REFLECTIVITY, EXTREMELY MATT SURFACE
THERMAL HEALING OF SUPERFICIAL MICROSCRATCHES
ANTI-FINGERPRINT

SOFT TOUCH

RESISTANCE TO SCRATCHES AND ABRASION

RESISTANCE TO DRY HEAT

HIGH RESISTANCE TO ACID SOLVENTS AND HOUSEHOLD REAGENTS

ENHANCED ANTI-BACTERIAL PROPERTIES

Bassa riflessione della luce, superficie estremamente opaca
Riparabilità termica dei micrograffi superficiali
Anti-impronta
Morbidezza al tatto
Resistenza ai graffi e all'abrasione
Resistenza al calore secco
Elevata resistenza a solventi acidi e ai reagenti di uso domestico
Alta attività di abbattimento della carica batterica

Geringe Lichtreflexion, extrem matte Oberfläche
Thermische Bearbeitung von oberflächlichen Kratzern
Keine Fingerabdrücke
Weicher Touch
Resistent gegen Kratzer und Abrieb
Resistent gegen trockene Hitze
Resistent gegen säurehaltige und alle haushaltsüblichen Reiniger
Verbesserte antibakterielle Eigenschaften

Faible réflectivité, surface extrêmement mate
Réparation thermique des micro-rayures superficielles
Aucune trace de doigts
Toucher soyeux
Résistance aux rayures et à l'abrasion
Résistance à la chaleur sèche
Grande résistance aux solvants et nettoyeurs ménagers
Propriétés antibactériennes renforcées

Reflectancia mínima de la luz, superficie extremadamente mate
Reparabilidad térmica de microarañazos superficiales
Anti-huella digital
Suave al tacto
Resistencia a los arañazos y a la abrasión
Resistencia al calor seco
Alta resistencia a disolventes ácidos y reactivos para uso doméstico
Propiedad anti-bacterias reforzada
